

Allocation of the 256 spots in Round 2 of the 2024 Wilson Cup as of March 15, 2024.

These numbers are subject to change.

TOTAL SPOTS IN ROUND 2 OF THE WILSON CUP: 256

TOURNAMENT CIRCUIT:

Event	Allocated spots
IATC 2023 Champion	1
Grand Slam Top 4 Winners	24
Major Winners	20
Regional Winners	9
Close But No Cigar Winner	1

REMAINING SPOTS: 201

Every member that had a player qualify is guaranteed one spot. This year 53 IATF members had a player qualify from their leagues. Each of them receives a spot.

REMAINING SPOTS: 148

Remaining spots are divided among IATF members who had at least one player qualify. The number of allocated spots is calculated as the member's percentage of the total qualifying player-seasons times the available remaining spots.

A player-season is one player in one season. Example: the same player in three seasons will produce 3 player-seasons for the host member.

Example: if the IATF collectively had 20,000 player-seasons and one member had 1,000 player seasons, then that member had 5% of the total player-seasons, and therefore will have 5% of the 148 spots, or 7 spots, in addition to the 1 guaranteed spot.

The number of spots allocated is subject to change based on the outcome of Round 1, if a member has an insufficient number of competitors to fill their spots, the excess spots will return to the remaining spots to be allocated. Rounding is also a factor that can result in changes to allocation.

The number of spots allocated is also subject to change based on the acceptance or refusal of Round 2 invitations by advancing throwers.

ALLOCATION OF ROUND 2 SPOTS:

As of March 15, 2024. Subject to change.

IATF Member	Approx Spots
